

# Nix Mini.

nix™

You find the inspiration.  
We find the match.

## **COLOUR MATCHING, ANYWHERE AND EVERYWHERE.**

Scan any surface to easily match and identify its colour. When you pair your Nix Mini with the free Nix Paints app, you'll match to over 125,000 paint colours and harmonies.

## **COLOUR, UNCOMPLICATED.**

The fan-deck frenzy can be overwhelming. With Nix in hand, you're prepped with everything you need to find the right paint colours for your project.

## **STOP SEARCHING. START PAINTING.**

Use the Nix Paints app to instantly organize your paint projects, save your favourite colours and get to the store faster with your final paint choices in the palm of your hand.

# Nix Mini.

Engineered for real life.

## **DURABLE + PORTABLE.**

We've been careful in our design so you don't have to be, letting you take our state-of-the art technology into any and all environments. In addition to its durability, the Nix Mini is lightweight and wireless, and can fit in your pocket or the palm of your hand.

## **ACCURATE.**

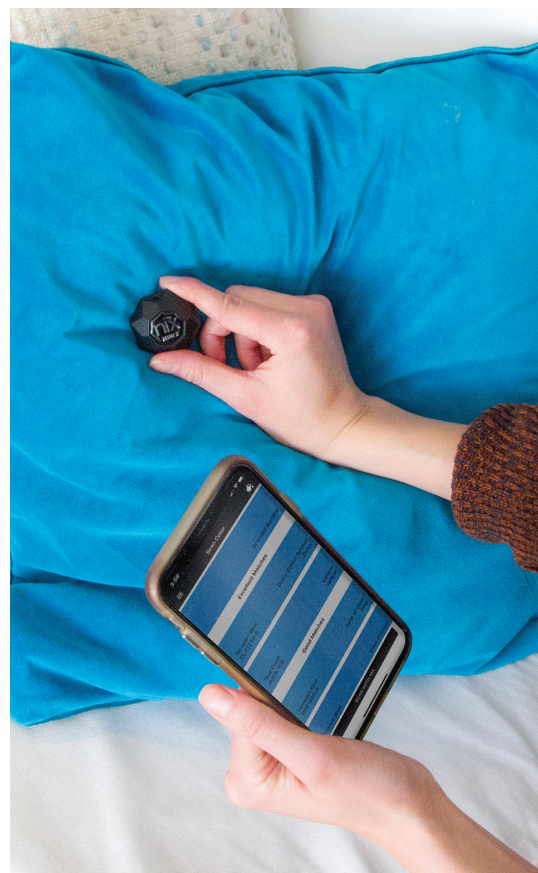

We are the only device in the industry to offer a colour analysis solution that doesn't require user calibration, drastically decreasing errors and set-up time, letting you scan colour right away and without those finicky white tiles.

## **RECHARGEABLE.**

Scan and measure colour whenever the opportunity calls for it. The Nix Mini battery provides more than three months of stand-by time and performs over 3,000 scans with a single charge. The rechargeable lithium ion battery is back to full charge in only three hours with its micro USB charging cable that works with any standard charger.

## **DEPENDABLE.**

We want our customers to feel just as confident in our tool as we do, so we have a guarantee as solid as our performance. The Nix Mini is backed by a one-year manufacturer's warranty and in-house dedicated customer support.
